Report description:

Sun care saw a full recovery in value sales in 2021, after recovering from the decline experienced in 2020 when consumers were in home seclusion and had little need for sun care products. As they started returning to their pre-pandemic lifestyle, they spent more time outside, engaging in various sports and activities. With people becoming increasingly aware of the harmful effects of being exposed to the sun, this greater amount of outdoor activity boosted demand for sun protection - the largest...

Euromonitor International's Sun Care in Kazakhstan report offers a comprehensive guide to the size and shape of the market at a national level.
