Report description:

The boost provided to the health and wellness trend by the experiences of the COVID-19 crisis proved particularly impactful in fortified/functional (FF) packaged food. Concerns about maintaining an effectively functioning immune system in the face of the SARS-CoV-2 virus encouraged consumers to look for foods with added nutrients such as vitamins, which were perceived to offer a natural way to help to fight off viral infection. As a result, demand remained high in 2021. Another factor supporting...
