Report description:

Traditional toy and games performed well in 2021 with categories such as scientific/educational and construction being the most popular among consumers. More time spent at home including home schooling contributed to the popularity of these categories, with parents looking for products which could provide some added learning benefit. Construction toys also proved popular with older consumers as well as children, as people looked for new ways to entertain themselves while stuck at home. For example...

Euromonitor International's Traditional Toys and Games in Poland report offers a comprehensive guide to the size and shape of the market at a national level. It provides the latest retail sales data 2017-2021, allowing you to identify the sectors driving growth.
