Report description:

Alcoholic drinks in Bosnia and Herzegovina showed a much improved performance in 2021, with total volume and current value sales rebounding rapidly from the sharp declines recorded in 2020. This turnaround was driven by a strong recovery in on-trade consumption as people began regularly socialising outside the home once again following the rollout of COVID-19 vaccines and the lifting of most public health restrictions previously imposed to curb the spread of the virus, including lockdown measure...
