### **Report description:**

Following the partial overall recovery in 2021, eyewear will continue recording overall value and volume growth in 2022, although volume growth will see a rapid deceleration. Like other EU countries, Spain has continued to suffer from subsequent waves of the COVID-19 virus, especially the sixth wave of the Omicron variant. Although measures have been substantially eased when compared with the previous couple of years, Spaniards are still required to wear hygienic face masks in public spaces and...
