Report description:

Pet is set to maintain healthy retail volume and value growth in 2022, with the latter driven by rising unit prices and the search for more premium products. Pet care growth rates peaked during lockdowns in 2020 and 2021, but are predicted to gradually stabilise over 2022. Pet owners are now settled in new hybrid working measures, with rising pet ownership from purchases and adoptions consequently driving up demand for pet care in the United Arab Emirates across all categories.

Euromonitor International's Pet Care in United Arab Emirates report offers a comprehensive guide to the size and shape of the market at a national level. It provides the latest retail sales data 2017-2021, allowing you to identify the sectors driving growth.
