### **Report description:**

During the review period, the Philippines saw its middle class expand with standards of living improving and consumers increasingly looking for new things to spend their money on. As wine is seen as a sophisticated accompaniment to special occasions, strong sales growth was being recorded in the category up until the outbreak of COVID-19. Furthermore, the improved awareness and education around wine has encouraged more people to drink wine at home. Still red wine and still white wine continued t...

Euromonitor International's Wine in Philippines report offers a comprehensive guide to the size and shape of the market at a national level. It provides the latest retail sales data (2017-2021), allowing you to identify the sectors driving growth.
