Report description:

In 2022, the COVID-19 virus has been brought under greater control in Vietnam thanks to the success of the vaccination programme. Consumers are no longer afraid of becoming seriously and the government is not expected to implement the strict regulations that were seen in the previous couple of years. As such, consumers will spend more time outside the home and socialising again, leading to great impulse purchases of savoury snacks, especially for on-the-go consumption. In addition, following lim...
