Report description:

On-trade sales of spirits saw a strong rebound in volume growth in 2021 as COVID-19 cases and restrictions tailed off. The fastest growing categories included other blended scotch whiskey, Irish whiskey and tequila/mezcal as these were among the most expensive spirits products that suffered heavily in 2021. Dark rum also saw strong volume growth due to the rising popularity of cocktails. For example, dark rum is an important base and ingredient in many popular cocktails.
