**Report description:**

There was strong retail volume growth seen in chocolate confectionery during the pandemic both from people indulging more while spending increased time at home, people shopping in the domestic market rather than in Sweden, as well as the abolishment of the sugar tax in 2021 which served to drive prices downwards. However, chocolate confectionery is set to see a decline in retail volume terms in 2022 as the Swedish border opens up and domestic prices increase from a new, lower baseline due to inf...
