Report description:

Retail constant value (2021 prices) sales of cigars, cigarillos and smoking tobacco declined marginally in 2021. Retail volume sales of both cigars and cigarillos are in long-term decline, but fine cut tobacco and particularly pipe tobacco are growing in popularity. The smoking of cigars is associated with social events in Spain, and during 2021, demand for cigars and cigarillos was supported to a degree by a significant increase in the number of weddings (many of which were postponed from 2020)...
