# Report description:

The end of the COVID-19 pandemic restrictions in April 2022 and the return to work from January 2022 enabled the foodservice channel to continue its recovery after the losses incurred in 2020, although volume sales still remain below pre-pandemic values. Overall, the pandemic had a positive impact on many retail snacks categories, with volume sales seeing a gradual rise in 2022 as impulse purchases returned driving sales of single portion ice cream and countlines.
