Report description:

After a slight drop caused by the pandemic, the category began to recover in 2021 and the positive trend continues in 2022 with current value sales now ahead of pre-pandemic levels. Sweet biscuits such as cookies are highly dependent on impulse buying, and are also often served as an accompaniment to meals in lunch boxes. The return of Impulse buying has been driven by the return of face to face classes in schools as students make more purchases on-the-go.
