Report description:

Consumer electronics is expected to continue seeing retail volume growth in Singapore in 2022. Lingering COVID-19 effects, such as remote working and an increased amount of time spent indoors, are still impacting consumer demand for these products, despite lockdowns being lifted and life generally seeing normalisation. Consumers are continuing to place a great deal of importance on the "hometainment" trend, with products such as televisions, headphones and speaker systems benefiting. The growing...
