Report description:

Despite the economic challenges posed by the pandemic, demand for televisions grew in 2020, as local consumers sought home entertainment options whilst in lockdown. However, the category experienced a decline in 2021, as the industry was rocked by the shortage of semiconductor chips, which are essential components of all electronics. Furthermore, pandemic-related factory closures and additional supply chain constraints limited stock availability, despite stable demand throughout the year. Nevert...

Euromonitor International's Home Video in South Africa report offers a comprehensive guide to the size and shape of the in-home, portable and in-car consumer electronics products markets at a national level.
