Report description:

Due to enjoying an essential positioning, demand for spectacles was less impacted than contact lenses and sunglasses during the fifth wave of COVID-19 from January to April 2022. Most consumers stayed away from shopping centres during home seclusion measures in Hong Kong, which resulted in a contraction in overall retailing. However, many consumers prefer to visit physical stores for prescription services to purchase spectacles, as they like to try the products on and obtain advice from knowledg...

Euromonitor International's Spectacles in Hong Kong, China report offers a comprehensive guide to the size and shape of the market at a national level.
