- Multiple User License (Global) €2475.00

Report description:

Sales of wireless categories of headphones showed decline in 2021 as shipment delays, higher shipping expenses, and higher raw material costs contributed to decreasing sales. In addition, new regulatory legislations stated that imported electronics featuring Bluetooth technology must be presented to the National Telecom Authority for approval before release by customs. This legislation caused imports to be delayed, placing additional costs on importers (such as fees for display and extra storage...

Euromonitor International's Headphones in Egypt report offers a comprehensive guide to the size and shape of the in-home, portable and in-car consumer electronics products markets at a national level. It provides the latest retail sales data, allowing you to identify the sectors driving growth.
