- Multiple User License (Global) €2475.00

### **Report description:**

Imaging devices are expected to be the worst performing consumer electronic in 2022, with volume sales falling by a fifth and value sales also registering double-digit value decline. Continuing advances in smartphones cameras are leading to continual decline in imaging devices, to the extent that some smartphones can meet the imaging device needs of many households and therefore, consumers do not perceive the need to purchase a separate imaging device. This is also aligned with the broader rejection...

Euromonitor International's Imaging Devices in Morocco report offers a comprehensive guide to the size and shape of the in-home, portable and in-car consumer electronics products markets at a national level. It provides the latest retail sales data, allowing you to identify the sectors driving growth.
