### **Report description:**

The Russia-Ukraine conflict, which began in February 2022, has had a negative effect on the automotive industry in Sweden and it is expected to continue to weigh heavily on the market throughout 2022. Car prices are at a record-high level due to inflation, while fuel prices have skyrocketed due to the global energy crisis and the European Union's move to ban Russian oil imports, followed by a decreased supply of petroleum products within Sweden. Moreover, there has been a shortage of components...
