Report description:

Headphones is predicted to record another year of double-digit retail volume growth in 2022, driven by the dominant TWS earbuds. While demand for wireless earphones continues to rapidly drop, the niche of wireless headbands continues to expand. During the pandemic, local consumers have had few other entertainment options and increasingly turned to OTT services (like Netflix and Watcha) to alleviate boredom. Such content can be watched on television as well as on a variety of other devices, such...

Euromonitor International's Headphones in South Korea report offers a comprehensive guide to the size and shape of the in-home, portable and in-car consumer electronics products markets at a national level.
