Report description:

Building-Integrated Photovoltaics Market - Scope of Report

TMR's report on the global building-integrated photovoltaics market studies the past as well as the current growth trends and opportunities to gain valuable insights of the indicators of the market during the forecast period from 2022 to 2031. The report provides revenue of the global building-integrated photovoltaics market for the period 2017-2031, considering 2021 as the base year and 2031 as the forecast year. The report also provides the compound annual growth rate (CAGR %) of the global building-integrated photovoltaics market from 2022 to 2031.

The report has been prepared after an extensive research. Primary research involved bulk of the research efforts, wherein analysts carried out interviews with key opinion leaders, industry leaders, and opinion makers. Secondary research involved referring to key players' product literature, annual reports, press releases, and relevant documents to understand the building-integrated photovoltaics market.

Secondary research also included Internet sources, statistical data from government agencies, websites, and trade associations. Analysts employed a combination of top-down and bottom-up approaches to study various attributes of the global building-integrated photovoltaics market.

The report includes an elaborate executive summary, along with a snapshot of the growth behavior of various segments included in the scope of the study. Moreover, the report sheds light on the changing competitive dynamics in the global building-integrated photovoltaics market. These serve as valuable tools for existing market players as well as for entities interested in participating in the global building-integrated photovoltaics market.

Scotts International. EU Vat number: PL 6772247784

tel. 0048 603 394 346 e-mail: support@scotts-international.com

www.scotts-international.com

The report delves into the competitive landscape of the global building-integrated photovoltaics market. Key players operating in the global building-integrated photovoltaics market have been identified and each one of these has been profiled, in terms of various attributes. Company overview, financial standings, recent developments, and SWOT are attributes of players in the global building-integrated photovoltaics market profiled in this report.

RESEARCH METHODOLOGY

The research methodology will be a combination of exhaustive primary and secondary research to analyze the market building-integrated photovoltaics.

Secondary Research

Secondary research includes a search of company literature, technical writing, patent data, Internet sources, and statistical data from government websites, trade associations, and agencies. This has proven to be the most reliable, effective, and successful approach for obtaining precise data, capturing industry participants' insights, and recognizing business opportunities.

Secondary research sources that we typically refer, but are not limited to:

Company websites, presentations, annual reports, white papers, technical paper, product brochure

Internal and external proprietary databases and relevant patents

National government documents, statistical databases, and market reports

News articles, press releases, and webcasts specific to companies operating in the market

Primary Research

During the course of research, we conduct in-depth interviews and discussions with a wide range of key industry participants and opinion leaders. Primary research represents bulk of research efforts, supplemented by extensive secondary research.

We conduct primary interviews on the ongoing basis with industry participants and commentators to validate data and analysis. A typical research interview fulfills the following functions:

Provides first-hand information on market size, market trends, growth trends, competitive landscape, outlook, etc.

Helps in validating and strengthening secondary research findings

Further develops the analysis team's expertise and market understanding

Primary research involves e-mail interactions, telephonic interviews, as well as face-to-face interviews for each market, category, segment, and sub-segment across geographies

Participants who typically take part in such a process include, but are not limited to:

Industry participants: Marketing/product managers, market intelligence managers, and regional sales managers

Purchasing/Sourcing managers, technical personnel, distributors

Outside experts: Investment bankers, valuation experts, and research analysts specializing in specific markets

Key opinion leaders specializing in different areas corresponding to different industry verticals

List of primary participants, but not limited to:

Advanced Oncotherapy PLC

Danfysik A/S

Hitachi, Ltd.

IBA Worldwide

Mevion Medical Systems, Inc.

Data Triangulation: Information culled from "Secondary & Primary Sources" is cross-checked with "TMR Knowledge Repository", which is updated every quarter.

Market Estimation: Market size estimations involved in-depth study of product features, technology updates, geographic presence, product demand, sales data (value or volume), historical year-on-year growth, and others. Other approaches were also utilized to derive market size and forecasts. Where no hard data was available, we employed modeling techniques in order to produce comprehensive datasets. A rigorous methodology has been adopted, wherein the available hard data are cross-referenced with the following data types to produce estimates:

Demographic Data: Healthcare expenditure, inflation rates, and others

Industry Indicators: R&D investment, technology stage, and infrastructure, sector growth, and facilities

Market Forecasting: Market forecasts for various segments are derived taking into account drivers, restraints/challenges, and opportunities prevailing in the market and considering advantages/disadvantages of segments/sub-segments over other segments/sub-segments. Business environment, historical sales pattern, unmet needs, competitive intensity, and country-wise surgery data are some of the other pivotal factors, which are considered to derive market forecasts.

1. Executive Summary
 - 1.1. Building-integrated Photovoltaics Market Snapshot
 - 1.2. Current Market and Future Potential
2. Market Overview
 - 2.1. Market Segmentation
 - 2.2. Market Trends
 - 2.3. Market Dynamics
 - 2.3.1. Drivers
 - 2.3.2. Restraints
 - 2.3.3. Opportunities
 - 2.4. Porter's Five Forces Analysis
 - 2.5. Regulatory Analysis
 - 2.6. Value Chain Analysis
 - 2.6.1. List of Raw Material Providers
 - 2.6.2. List of Key Manufacturers
 - 2.6.3. List of Suppliers/Distributors
 - 2.6.4. List of Potential Customers
 - 2.6.5. Production Overview/Route of Synthesis
3. COVID-19 Impact Analysis
4. Price Trend Analysis
5. Global Building-integrated Photovoltaics Market Analysis and Forecast, by Technology, 2020-2031
 - 5.1. Introduction and Definitions
 - 5.2. Global Building-integrated Photovoltaics Market Volume (KW) and Value (US\$ Bn) Forecast, by Technology, 2020-2031
 - 5.2.1. Crystalline Silicon
 - 5.2.2. Thin Film
 - 5.2.3. Others
 - 5.3. Global Building-integrated Photovoltaics Market Attractiveness, by Technology
6. Global Building-integrated Photovoltaics Market Analysis and Forecast, by Application, 2020-2031
 - 6.1. Introduction and Definitions
 - 6.2. Global Building-integrated Photovoltaics Market Volume (KW) and Value (US\$ Bn) Forecast, by Application, 2020-2031
 - 6.2.1. Roofs
 - 6.2.2. Facades
 - 6.2.3. Windows
 - 6.2.4. Others
 - 6.3. Global Building-integrated Photovoltaics Market Attractiveness, by Application
7. Global Building-integrated Photovoltaics Market Analysis and Forecast, by End-user, 2020-2031
 - 7.1. Introduction and Definitions
 - 7.2. Global Building-integrated Photovoltaics Market Volume (KW) and Value (US\$ Bn) Forecast, by End-user, 2020-2031
 - 7.2.1. Residential
 - 7.2.2. Commercial
 - 7.2.3. Industrial
 - 7.3. Global Building-integrated Photovoltaics Market Attractiveness, by End-user
8. Global Building-integrated Photovoltaics Market Analysis and Forecast, by Region, 2020-2031
 - 8.1. Key Findings
 - 8.2. Global Building-integrated Photovoltaics Market Volume (KW) and Value (US\$ Bn) Forecast, by Region, 2020-2031
 - 8.2.1. North America
 - 8.2.2. Europe
