Report description:

Despite some difficulties with the availability of components and logistics at the beginning of 2021, computers and peripherals sustained its upward trend in 2021, despite a drop from double to lower single-digit growth. Q1 of 2022 saw a noticeable contraction of consumer demand, particularly in the retail segment as consumers sought to save money under the pressure of the economic crisis. This crisis has been triggered by the lingering effects of COVID-19, the energy prices, and the Russian inv...
