Report description:

With health at the center of attention since the pandemic, interest in products that clean and disinfect has grown. Domestic hygiene has become an important subtheme in Home Care, especially in developing/emerging markets. Historical under-penetration, low per capita spending, favorable macroeconomic factors, and rising consumer awareness give companies big potential. Understanding consumer habits and tailoring products to their domestic hygiene needs is expected to yield benefits over the forec...

Euromonitor International's Domestic Hygiene Beyond the Pandemic in Developing/Emerging Markets global briefing offers an insight into the size and shape of the Home Care market, highlights buzz topics, emerging regions, countries and categories as well as pressing industry issues and white spaces.
