### **Report description:**

Demand for antiparasitics/lice (head and body) treatments in Ireland fell sharply over 2020-2021 as schools were closed for lengthy periods and social distancing was widely observed as part of the national effort to curb the spread of COVID-19. With schools having since fully reopened and levels of social contact among the wider population increasing in line with the easing of the pandemic and related restrictions, this category has seen volume sales rebound strongly in 2022, and is set to be th...
