### **Report description:**

Having exhibited double-digit growth in retail constant value sales (2022 prices) during 2020 in the midst of the pandemic, the rate of growth slowed significantly in 2021 and this deceleration continued into 2022. With the bulk of the population fully vaccinated by the end of 2021 (with many also receiving booster shots) and new variants of the virus generally provoking less severe symptoms, the threat posed by the pandemic is now much diminished. As a result, local consumer interest in supple...
