Report description:

For the second consecutive year, digestive remedies is set to record double-digit current value growth in 2022. Generally, a notable part of the demand is influenced by social events such as national holidays or holidays where there is often consumption outside of the home; this important growth driver was significantly reduced in 2020 following the emergence of COVID-19. The limited exposure to common viruses and stomach infections also hampered the performance of digestive remedies in 2020, bu...
