### **Report description:**

The outbreak of COVID-19 in Mexico led to the imposition of various measures and restrictions, which meant consumers had to spend much more time at home. During this period eating habits tended to improve, as more consumers cooked from scratch and less fast food was consumed, and therefore consumers needed to take fewer digestive remedies. As outdoor activities start to resume and social restrictions are lifted, sales of digestive remedies are starting to see stronger growth again in 2022. Peopl...
