Report description:

Having plunged by almost a quarter during 2020 amid the disruption caused by COVID-19, retail constant value sales (2022 prices) of sports nutrition saw a substantial recovery during 2021 and 2022 but nonetheless remained well below their pre-pandemic peak. This category is dominated by sports protein products, particularly protein/energy bars and sports protein powder. Protein/energy bars were by far the top performer in this category during the latter part of the review period, as these are an...
