Report description:

Sports nutrition is being constantly challenged. The effects of the pandemic, including stay-at-home measures and closed gyms and sports centres, meant that most people were able to train to the extent that they wanted to, instead adapting to home workouts. This led to growth shrinking to low single-digit rates. Now that the pandemic is over, consumers have returned to their sports activities, accelerating demand for sports nutrition products. However, the category is facing more profound challe...
