## Report description:

Having boomed in 2020 due to the pandemic (when retail constant value sales surged by a fifth), demand growth for vitamins slowed significantly in 2021 and contracted in constant value terms during 2022. Vitamins with an explicit immune-system boosting positioning continued to perform very well in 2022, even as the threat by the pandemic continued to wane. While the COVID-19 pandemic has sharpened the focus of Spanish people on their health generally, the desire to avoid falling seriously ill wi...
