Report description:

Analgesics continue to enjoy strong demand in Tunisia and consumers are accustomed to taking them for a variety of ailments and pain relief as it is extremely easy to buy them in pharmacies without a doctor's prescription. Whilst doctors warn against the side effects of taking too many analgesics, especially their effect on the liver, it is hard to change this habit among consumers.

Euromonitor International's Analgesics in Tunisia report offers a comprehensive guide to the size and shape of the market at a national level. It provides the latest retail sales data 2017-2021, allowing you to identify the sectors driving growth. Forecasts to 2026 illustrate how the market is set to change.
