### **Report description:**

Economically speaking, the impact of the pandemic and the consequences of the Russian invasion of Ukraine can be summarised as rising costs and prices. On the side of producers, the pandemic brought with it logistics issues, both international in terms of imports, and national regarding the production of products manufactured in Chile, and distribution. On the other hand, consumers have been experiencing consistently increasing prices for a plethora of products, which makes it more difficult for...

Euromonitor International's Baby Food in Chile report offers in-depth knowledge of the market at a national level, providing local insight and understanding unavailable elsewhere. In addition to the latest retail sales data 2017-2021, it identifies the leading companies, brands and retail outlets, and assesses the key trends and demographic shifts behind consumer demand and sales growth.
