### **Report description:**

Despite its unhealthy and unnatural image, retail volume sales of margarine continue to account for the highest share of butter and spreads due its cheaper price. In 2022, retail volume sales of margarine and spreads are set to continue to increase, due in large part to the more expensive prices for butter which is unaffordable given the decline in disposable income levels. While retail volume sales of butter and spreads will continue to rise in 2022, they will do so at a more moderate rate due...

Euromonitor International's Butter and Spreads in Algeria report offers in-depth knowledge of the market at a national level, providing local insight and understanding unavailable elsewhere.
