Report description:

The cost of producing cheese is expected to skyrocket amid the power crunch driving the prices of soft and hard commodities along with transport and cold chain upwards. As costs rapidly snowball, brands are likely to pass on a proportion to consumers as an immediate measure to stay buoyant amid strategizing solutions for cost cutting and absorption. Being an import market, Singapore anticipates delays in price restoration due to higher inventory levels, where cheese sold for the remainder of 202...

Euromonitor International's Cheese in Singapore report offers in-depth knowledge of the market at a national level, providing local insight and understanding unavailable elsewhere.
