Report description:

Drinking milk products register positive volume growth in 2022 as consumer demand remained stable and robust despite the impact of high inflation on unit prices. Cow's milk remains the dominant category of drinking milk products in Macedonia and cow's milk is widely regarded as an important staple foodstuff, which has insured consistent demand throughout the COVID-19 pandemic and the period of high inflation that has followed. Goat milk meanwhile is registering dynamic sales growth and this is l...
