### **Report description:**

Growing consumer awareness regarding the benefits of certain vitamins accelerated in 2020 with the outbreak of the Coronavirus (COVID-19) pandemic. Vitamins C and D were particularly sought after, as they were perceived to offer immunity benefits, which gained currency as consumers looked for ways to offer resistance to the virus and its effects. Vitamins C and D are set to remain the fastest-growing types of single vitamins as consumers have become familiar with them as immune system enhancers...
