Report description:

In a mirroring of trends that have emerged in drinking milk products in recent years, yoghurt has seen a proliferation of products that respond to increasing demand for dairy products that are either free from lactose or with reduced lactose. While some plant-based options have emerged in response to the rising popularity of vegan lifestyles among the population of the Dominican Republic, including both drinking yoghurt and plain yoghurt made using coconut milk and almond milk for instance, thes...

Euromonitor International's Yoghurt and Sour Milk Products in Dominican Republic report offers in-depth knowledge of the market at a national level, providing local insight and understanding unavailable elsewhere.
