### **Report description:**

Analgesics has continued on the path to recovery in 2022 with sales being driven in part by the strong performances of adult acetaminophen and paediatric acetaminophen. Consumers were advised to use these products to treat mild symptoms of COVID-19, but demand has remained strong even as the number and severity of COVID-19 cases has fallen. Consumers are still purchasing acetaminophen to keep on standby at home for any emergency cases in order to be able to manage any mild symptoms and to avoid...
