Report description:

Consumer health in Azerbaijan is expected to register high current value growth in 2022, but constant value growth is expected to be marginal. Azerbaijan's proximity to both Ukraine and Russia is expected to create a lot of uncertainty and while Azerbaijan is expected to benefit from increasing global energy prices as a result of the war - on the flip side, Azerbaijan is heavily dependent on trade and raw materials for production both from Russia and Ukraine and it is expected that trade flows...

Euromonitor International's Consumer Health in Azerbaijan report offers a comprehensive guide to the size and shape of the market at a national level. It provides the latest retail sales data 2017-2021, allowing you to identify the sectors driving growth. Forecasts to 2026 illustrate how the market is set to change.
