### **Report description:**

Having slowed significantly during 2020, the rate of growth in sales of dermatologicals accelerated modestly during 2021 and will accelerate further in 2022. This is largely driven by antipruritics, the most sizeable category within dermatologicals, which will continue to record growth in 2022 thanks to the consistent demand amongst sufferers to relieve itching problems. However, it is antiparasitics/lice (head and body) treatments that will record the fastest current value growth. COVID-19 rest...
