Report description:

While demand for hair loss treatments is marginally increasing in 2022 in line with rising stress levels due to the prolonged impact of the pandemic, overall sales remain subdued as a result of rising competition from outside of the category. Demand for hair loss products in South Korea has been shifting more towards hair care products within beauty and personal care. Many brands which offer standard shampoos have also added anti-hair loss ingredients such as caffeine and probiotics to their reg...

Euromonitor International's Dermatologicals in South Korea report offers a comprehensive guide to the size and shape of the market at a national level.
