Report description:

Sports nutrition saw a significant drop in sales in 2020 as a result of the pandemic, as only large manufacturers were able to distribute their products in large marketplaces, due to the closure of gyms, and home seclusion, with most companies adopting a home office regime due to the worsening of the spread of the virus. 2021 proved to be a positive year in terms of sales of these products, along with the advance of vaccination, mainly in large cities, and as the population was tired of the long...

Euromonitor International's Sports Nutrition in Brazil report offers a comprehensive guide to the size and shape of the market at a national level.
