Report description:

Despite deep and widespread reduction of pandemic-related restrictions in 2022, double-masking and social distancing regulations remain at Peru's airports, making mandatory a distance of least one metre between people. This applies to all, including travellers, airline and airport personnel, and means that simultaneous flights cannot be scheduled in small airports. One result is a significant limitation on the number of flights per days and the number of passengers that can be transferred, under...

Euromonitor International's Airlines in Peru report offers a comprehensive guide to the size and shape of the market at a national level. It provides the latest market size data 2017-2021, allowing you to identify the sectors driving growth.
