### **Report description:**

While analgesics is poised to record a solid performance in terms of total current value sales growth in 2022, this is mainly due to price hikes resulting from high inflation, as volume sales in a number of key categories have contracted or slowed. Together with maturity, weakening demand overall reflects the increasing normalisation of consumption patterns following two years in which volume sales were initially buoyed by panic buying and stockpiling in response to the outbreak of COVID-19, and...
