Report description:

Consumer electronics in France is facing some challenges in 2022. This is partly due to the organic process of a lull following the sales spikes seen during the time of the pandemic lockdowns, when consumers were investing in their in-home entertainment, and partly due to other compounded factors, from global inflation and ongoing economic uncertainty to disruptions regarding delivery of certain components. Indeed, in 2022, the Russia-Ukraine war has added additional pressure, as some of the sho...
