Report description:

Retail sales of dermatologicals showed moderate growth in current value terms in 2022, mainly as a result of inflationary pressures. Dermatologicals suffered from stagnation in 2020, as consumers spent more time at home and were therefore less exposed to environments which could lead to skin conditions. With a return to pre-pandemic lifestyles, several products saw a rebound in demand in 2022, with topical allergy remedies/antihistamines leading the way, despite the growing popularity of systemi...

Euromonitor International's Dermatologicals in Uzbekistan report offers a comprehensive guide to the size and shape of the market at a national level.
