### **Report description:**

Sales of passenger cars have continued to fall in 2022, as manufacturers have struggled to stock new vehicles due to the persistent semiconductor chip shortage and supply chain bottlenecks. Both sales and production of passenger cars have dropped by 7%, suggesting that declines in sales can be attributed mostly to supply issues rather than a decline in consumer demand for new vehicles in the short term. In line with declines in purchases of passenger cars, retail volume sales of in-car navigatio...
