- Multiple User License (Global) €2475.00

Report description:

Despite substantial price hikes resulting from high inflation, sports nutrition has seen overall demand increase in 2022, with three of the four main categories poised to record improved performances in volume terms. This is partly explained by reduced public concern about exposure to COVID-19 and the ending of most measures previously imposed to curb transmission of the virus, in that these developments have prompted more Kazakhstanis to resume their usual physical fitness routines and enabled...

Euromonitor International's Sports Nutrition in Kazakhstan report offers a comprehensive guide to the size and shape of the market at a national level. It provides the latest retail sales data 2017-2021, allowing you to identify the sectors driving growth. Forecasts to 2026 illustrate how the market is set to change.
