### **Report description:**

After two years of severe COVID-19 travel restrictions, inbound arrivals to Ireland more than doubled during 2022 but remained well below their pre-pandemic level. COVID-19 restrictions on travel were largely eliminated early in the year: International travellers arriving in Ireland no longer had to carry evidence of their vaccination status (as they did in 2021) or proof that they have recovered from the virus.

Euromonitor International's Travel in Ireland report offers a comprehensive guide to the size and shape of the market at a national level. It provides the latest market size data 2017-2021, allowing you to identify the sectors driving growth.
