- Multiple User License (Global) €2475.00

Report description:

Overall demand for vitamins in Kazakhstan has picked up in 2022, with total volume sales projected to grow marginally after having declined the previous year. The return to growth has been supported by the increasing public focus on preventive health measures, a well-established trend that has been reinforced by the pandemic and is leading more people to supplement their nutritional intake with these products in an effort to improve general wellbeing and reduce the risk of various diseases. Popu...

Euromonitor International's Vitamins in Kazakhstan report offers a comprehensive guide to the size and shape of the market at a national level. It provides the latest retail sales data 2017-2021, allowing you to identify the sectors driving growth. Forecasts to 2026 illustrate how the market is set to change.
